The screenshot shows a web browser at the URL netbeansthemes.com/norway-remix/. The page features the title "NetBeans Themes" and the subtitle "Color Schemes of the NetBeans IDE". A navigation bar includes links for "Rank" and "Upload Yours". The main content area displays a preview of the "Norway Remix" theme, which is a dark-themed code editor. The preview shows PHP code with syntax highlighting and a dark background. To the right of the preview, the theme's details are listed: "Norway Remix", "Date: May 2, 2013", "Author: faruqi", "Category: Uncategorized", "Download Count: 87888", and a "Download" button. Below the preview, there is a section titled "4 Responses" with two user comments. The first comment is from "Cedric" dated October 5, 2013, at 3:40 pm, mentioning a "yellow boxes on php variables". The second comment is from "said ed" dated October 9, 2017, at 5:11 am, thanking the author. At the bottom of the page, there is a red banner with the text "norway_remix.zip" and a download button.
